New Advertising Scheme.
The Green Ridge Wheelmen have adopted
a very original advertising scheme. It
consists of pieces of cardboard cut to fit
inside the diamond frames of their bicy-
cles, on which the announcement of their
races on Aug. 22 is printed. The origina-
tor of the idea is Richard Wambold, a
member of the club.

I will present one thousand dollars in
gold to any one whom I cannot cure of epi-
leptic convulsions or fits. Dr. E. G. Gurney,
311 Spruce street, Scranton, Pa.

would do well to patronize them,
though we by no means depreciate our
older Scranton houses in this line, but
we like to see any new house encourag-
ed that comes to our city. We believe
this to be the true Scrantonian spirit.

AMUSEMENTS.

C. M. Bertram's company of com-
edians, in the revised edition of "Hoss
and Hoss," will be at the new Froth-
ingham theater Friday evening. "Hoss
and Hoss" has always been considered
one of the funniest farce comedies ever
written, and with the new songs, parod-
ies, etc., which have been added this
year, it forms an entertainment seldom
equalled. In the company will be
Jacques Kruger, Carrie Sweeney,
Charles Aldrich, Harry Crandall, Hugh
Ward, Kittie Clark, Thomas Evans,
Charles Palmer, Dunnett, Thomas D.
Daly, Mamie Scott and others of equal
reputation. The famous Bowery ball,
the ridiculously funny court room
scene, the county jury and the song
and dance, "Linger Longer, Lucy,"
are features of this pleasing mixture of
farce and song.

CONTRACT NOT SATISFACTORY.

Sterling Silk Company Disapproves of
the Land Company's Lease.
There has been a hitch in the nego-
tiations between the Fairview Land com-
pany and the Sterling Silk company, of
Paterson, N. J., relative to the latter
transferring its plant to the West Side
plot of the former. The papers and
building plans were sent to Paterson,
but have not been signed.

The land company was to erect the
buildings and the Sterling company was
to supply the machinery and have an
option on the purchase of the building
after ten years. Meanwhile the silk
company was to pay an annual
rental of 8 per cent. of the cost of the
building. They want the contract
modified and will possibly make a sat-
isfactory adjustment of the quibble
during this week.

MR. MOODY COMING.

An Immense Tent to Arrive This
Week—The Great Evangelist
to Come Later.

The Moody meetings will come to
Scranton.
Spurred by the publicity of the fact
that little had been done in the central
city toward securing funds and encour-
aging the movement, the West Side
clergymen have negotiated with Mr.
Moody's agents and have secured the
promise that two tents, each with a
seating capacity of 2,000, will be lo-
cated on the West Side. One of the
tents will be erected this week and will
be located on one of several available
spots. The first day's services will be
held next Sunday afternoon and even-
ing. Mr. Moody will come to Scranton
about Sept. 10.
Union services preparatory to the
campaign will be held in Hyde Park
this week; on Wednesday evening at
the Simpson Methodist Episcopal
church, and on Thursday evening at
the Jackson Street Baptist church. The
West Side clergymen have undertaken
the project with the avowed determi-
nation that nothing shall interfere with
its certainty and success. The Moody
meetings were held during the past
week at Avoca.

THE KING'S HIGHWAY.

Rev. J. Ritchie Smith's Sermon at First
Presbyterian Church.
Last evening at the First Presby-
terian church the congregation was
treated to a scholarly sermon on the
thirty-fifth chapter of the book of
Isaiah by Rev. J. Ritchie Smith, of
Peekskill, N. Y. The speaker said
that this life was but a journey, and
that the king's highway over which the
traveler may pass with his trust in the
Lord and at the end be received into
the boundless ocean of Christ's mercy
and forgiveness.

It is the way of holiness and no un-
clean man shall pass over it. Those
who have arrived gravely against the Lord
but if they leave the old life behind
them, it shall be a highway of holiness.
There is nothing in this life that we
can make sure of; but we are sure that
there is a boundless eternity, sure of
the everlastingness of God's kingdom.
The king's highway was not built for
a perfect man, for there are no such
persons. It was built for sinners who
do not continue to sin after having be-
gan a journey upon this highway.
In sin there is discord and in grace
men are brought together. On the
king's highway there is a fellowship of
the men and women who seek the
Lord. Of those who have joined God's
heavenly paradise, and of men and wo-
men yet to be.

At the end of the king's highway the
skies no longer shall be overcast. Sun-
shine and happiness shall forever
reign; and the wayfarer of life who
have sought God's mercy will enter
upon their eternal rewards.

TRAMP INFESTED TOWN

Crimes Without Number Committed by Dis-
perate Vagrants.

AND YET THEY ARE UNMOLESTED

There is Fault Somewhere and That
Fault Needs Remedying—The Only
Punishment a Tramp Need Fear in
This City is a Warm Place to Spend
the Night and a Good Breakfast in
the Morning.

The numerous depredations such as
burglaries, highway robberies, petty
thefts and the like, which have occur-
red with uninterrupted frequency of
late, and the fact that this city is in-
fested with a desperate gang of tramps
combine to give the impression that
our municipal laws do not meet this
case, or some one is derelict in duty.
Within the past two weeks several
burglaries have occurred along the line
of the Delaware and Hudson between
here and Carlisle, and the evidence
goes to show that these acts were the
work of tramps.

Many people have been stopped on
the city thoroughfares and virtually
robbed, that they have been halted
by tough looking characters who
would ask for money and in such cases
refusal to grant their request meant
violence. The writer and others whom
he has engaged in conversation on the
topic have been frequently stopped on
Lackawanna avenue and asked to con-
tribute something to "help a poor fel-
low to get a night's lodging." One
prominent man told of having been ac-
cused three times in one block on
Lackawanna avenue. These vagrants
are getting so bold that they do not
hesitate to seek lodgings in the differ-
ent station houses.

A SOFT TOWN FOR TRAMPS.

Any number of them have been ar-
rested, but as a rule the arrests were
made by night watchmen, especially
setters and now there is already an es-
tablished camp fire just beyond the city
line at Greenwood and caused no end of
annoyance to the people of the neigh-
borhood. The Diamond field, Ontario
and Western yard and the dumps at
the different mines soon had their
setters and now there is already an es-
tablished camp fire just beyond the city
line at Greenwood and caused no end of
annoyance to the people of the neigh-
borhood. The Diamond field, Ontario
and Western yard and the dumps at
the different mines soon had their
setters and now there is already an es-
tablished camp fire just beyond the city
line at Greenwood and caused no end of
annoyance to the people of the neigh-
borhood.

It is just this leniency which is re-
sponsible for the tramp nuisance. This
is a "soft" town for the wandering
Willies and it does not take long for
the fact to become well advertised
among the members of the "profession."
The first camp that located here estab-
lished a camp fire just beyond the city
line at Greenwood and caused no end of
annoyance to the people of the neigh-
borhood. The Diamond field, Ontario
and Western yard and the dumps at
the different mines soon had their
setters and now there is already an es-
tablished camp fire just beyond the city
line at Greenwood and caused no end of
annoyance to the people of the neigh-
borhood. The Diamond field, Ontario
and Western yard and the dumps at
the different mines soon had their
setters and now there is already an es-
tablished camp fire just beyond the city

borhood.

THE REMEDY SURE AND TRIED.
This is believed by every one who has
given the question any thought, but
there are other methods of disposing of
the vagrants and the best method is to
put them to work. "Organize a chain
gang," said one officer, "and we will
rid the town of tramps inside of a
week." Other cities succeed in keep-
ing tramps on the move or frightening
them into giving the place a wide
berth. It was done here in former
years and it can be done again. The
chain gang is an efficacious remedy
and a liberal application at this time
would effect a radical cure.

WILKES-BARRE NEXT.

Rev. F. A. Dony to Reform That City's
Sunday Habits.

Rev. F. A. Dony will transfer the
center of his Sunday closing field from
this city to Wilkes-Barre, according to
an accredited statement by the Wilkes-
Barre Record.
The meeting of the Wilkes-Barre
clergy will be addressed by Mr. Dony,
who claims to have the support and re-
quests of many prominent citizens of
that city. If the clergy receives the
proposition with favor, Mr. Dony will
conduct the movement for Sunday re-
form.

NEW BOARD OF TRADE BUILDING.

Will Be Discussed at Tonight's Special
Meeting.

Even the most lax member of the
board of trade will be interested in to-
night's special meeting, when will be
considered the possible opportunity of
securing a new building of its own.
The project was more extensively
mentioned in Saturday's TRIBUNE, and
it is only necessary to state now that a
committee has been at work on the
matter and will present a report to-
night.

HIS TRIP WAS BENEFICIAL.

Chief Ferber Returns from the Inter-
national Firemen's Convention.

Chief Engineer Ferber arrived home
Saturday afternoon from Montreal, af-
ter having been absent a week in at-
tendance at the convention of chiefs of
the fire departments of the United
States and Canada.
While in Montreal he witnessed the
fiery fire in his experience as a fire-
man. The plant of the Montreal Steam

covering a large territory than the
Decker works was demolished by fire.
The Montreal Fire department battled
with the configuration in heroic man-
ner and gave a splendid object lesson to
the visiting chiefs of the efficiency of
"fire ladders" in that city. Chief Fer-
ber was much impressed with his trip
and declared that it was an education
to him which he would not forget for
double the amount of expense attached
to his visit.

The convention has a rule that the
chief engineer of the city in which the
gathering assembly is elected presid-
ing officer for the ensuing year. Next
year the convention will be held in At-
lanta, Ga.

BISHOP O'HARA IMPROVING.

He May Be Brought Home During the
Early Part of This Week.

While from Cape May brings news of
Bishop O'Hara's condition. He has
continued to steadily improve since
Wednesday last and it is said that his
condition may admit his being removed
to this city during the early part of the
present week.

While it is true that the Bishop has
rallied from his prostration, his friends
fear that he will never fully recover,
owing to his advanced age.

TO DISPOSE OF CULM.

Will Be Washed Into Oxford Mines
to Fill Veins That Have Been
Worked Out.

The Delaware, Lackawanna and
Western from Cape May brings news of
Bishop O'Hara's condition. He has
continued to steadily improve since
Wednesday last and it is said that his
condition may admit his being removed
to this city during the early part of the
present week.

All sizes of coal from No. 2 buck-
wheat upwards will be utilized. The
rock and bony will be crushed and
with the dirt washed back into the
mine. The idea is to bore a hole six to
eight inches in diameter a depth of 250
or 300 feet, thereby tapping the di-
amond, big and rock veins. The big
veins are the first to be filled. When a
cave comes from the breaker it will be
washed into the mine as soon as it is
made, and the dump will disappear as
rapidly as possible. When one vein has
been filled operations will be trans-
ferred to another.

The company will soon open the new
conveyer belt and as there is but eight-
teen feet of rock between this and the
big vein the filling will be done to
avoid the possibility of a cave-in.

CONGRESSMAN ALLEN OUTDOGE.

Inmate Prisoner in the Station House
Talks for Forty Hours.

Congressman Allen, who spoke for
fourteen hours without a break, has
been outdug. He was vanquished by an
inmate prisoner at the central sta-
tion house named James Donovan, who
last night at 10 o'clock completed a
forty-hour speech.

He was arrested at 7 o'clock Satur-
day morning while in the act of up-
rooting the plants and flowers in the
garden of St. Patrick's orphan asylum.
When he was placed in a cell he re-
moved every stitch of his clothing and
began to talk. At 10 o'clock last night
he threw himself on his bunk, com-
pletely exhausted and up to last reports
was quiet.

Physicians made an examination yester-
day and pronounced him insane. He
will today be sent to the insane de-
partment of the Hillside Home.

THE BLOCKADE IS RAISED.

Further Steamships Laying Not to Inter-
fere With Traffic.

Mayor Connell has substantiated his
announcement that he would call a
halt to the aggravating blockading of
streets occasioned by the work of lay-
ing the steam pipes by the Economy
Heat, Light and Power company. Sat-
urday he notified the company that
the streets must be kept clear unless proper
provisions were made for the passage of traffic.
Contractor Mullen and Mr. Ammer-
man promised to abide by the mayor's
request. They stated that the work
was conducted under unfavorable cir-
cumstances in the business streets
which will not appear in less crowded
localities.

There will be a meeting of the Seven-
teenth Ward Republican club at the Cen-
tral Republican Club rooms, Monday eve-
ning, Aug. 20, at 8 p. m., to elect three de-

DEMOCRATS PLOTTING

The Irrepressible Campbell and His Trip to
Washington.

BOLD PROJECT TO BE STARTED

Administration Managers Hope by a
Liberal Appliance of Sugar Bounties
to Do Dire Things in This Congres-
sional District—Afraid of a Repeti-
tion of the Calusha A. Grow Av-
lanche—After Vandling's Scalp.

The recent visit of D. J. Campbell to
Washington has been the subject of
great comment in political circles, and
many are the surmises that have been
made as to the exact object of the
visit. Mr. Campbell would not admit
that the postoffice or the Times figured
in the business which hurriedly called
him to the capital. To a TRIBUNE re-
porter he emphatically avowed that his
business there had no relation what-
ever to matters connected with Scranton.
To the question direct as to what
the business was, Mr. Campbell gave
an evasive answer.

A GREAT POLITICAL EFFORT.
THE TRIBUNE is in a position to say
that this mysterious trip was nothing
less than the first move in a determined
effort to capture this congressional dis-
trict.

Mr. Campbell had hardly set foot in
Washington before the Republican
leaders in this city were apprised by
telegram of his visit and its object.
He had an interview with several of
the administration managers and the
possibilities of a successful carrying
out of the project, the means thereto
and the rewards to follow were the
subjects discussed.

It is quietly whispered that the na-
tional committee is to purchase a half
interest in the Times and engage as
their representative George Bell, the
well known Washington correspond-
ent. The Times will be made a first
class sheet with Campbell as business
manager and Bell as editor. A candi-
date for congress who will be a partner
to the scheme will be secured and with
national committee cash and a good
Democratic paper it is hoped to at last
